Hi, I am Winnie. I had been the English ambassadors for two years. I will go to the secondary school and I will very miss the primary school. But the secondary school is also fun. Let me tell you something. There are various kinds of clubs in the secondary school. They are mainly about the society, the environment, different subjects or arts. Students join these clubs for different reasons. For example, students join the English Club so that they can communicate with others in English and improve their language. It can also help them enrich their knowledge.

Some students join Social Club because they can give their helping hands to do meaningful activities and help others at children's home and elderly's home. Besides,students can join the Green Club to learn how to protect the environment. They can also take part in many green activities to encourage others to reuse and recycle rubbish.

Students can make new friends and enjoy the fun through joining the clubs. It makes school life more exciting.

A trip to Stanley

First we visited the correctional services museum. Mr. Lee gave us a tour and taught us about old and new prison life in Hong Kong.

Next, we went to Stanley Main Street and played a treasure hunt game. We had to ask people questions to complete the game. The winning team won a prize!

Thank you emails and postcards!

Dear Mr Lee and Mr Murphy
Thank you being our tour guide and help us know more about the prisoners. I enjoyed learning about prisoners too. We have learnt a lot of old weapons and a lot of old things people used before.
Thank you very much.

Au Ting Sum, Christopher.

Dear Mr Tse,

We have just been Stanley. We went to Hong Kong Correctional Services Museum. We learnt old forms of punishment there. Then we went to Stanley Main Street to play a treasure hunt game and our team won. I think Stanley Main Street is a beautiful and clean place. I hope I can go there again.

Subject: My trip to the museum

In the museum, I remember the most is the prison cells and the gallows. I think they are interesting but the gallows is too scary for me.

What have I learned in the museum is how people punished the bad people in the old days. I've also learned what did Vietnamese people do in Hong Kong and where did they lived in Hong Kong.

Thank you for your teaching and I wish you will have great days in the museum.

Best regards,
Edwin.

Dear Mr. Law,

We just had a journey to Stanley. We visited the Hong Kong Correctional Services Museum. We've learnt the old forms of punishment and we like the gallows there most! We also played a treasure hunt game in the Stanley Main Street. It was exciting! We did the missions of taking photos with tourists and interview the tourists. We've learnt how to interview others and the history of Stanley. We knew the importance of teamwork. Stanley is really a relaxing and exciting place!

Dear Father, Mother, sisters,

I went to the Stanley Market on 14th January, 2015. It was a beautiful day because the sky was blue and the sun shone brightly. When my team and I were playing a treasure hunt, we saw an ice-cream car. We wanted to eat ice-cream. Although we didn't win the hunt, we were very happy.
